NOTAS

Variable	Notas
Composición porcentual de la población ocupada empleada en municipios de zonas metropolitanas según lugar donde reside	Información del Grupo Interinstitucional para la Delimitación de Zonas Metropolitanas, conformado por CONAPO, SEDESOL y el INEGI, con el propósito de formular una delimitación exhaustiva y sistemática de las zonas metropolitanas del país. En la edición más reciente de la Fuente, las instituciones participantes fueron CONAPO, SEDATU e INEGI y usaron como insumo primario los resultados de la "Encuesta Intercensal 2015" realizada por el INEGI (revisión: Octubre, 2020). Para los años 2000 y 2010 se considera la población ocupada de 12 años y más, en tanto que para 2015 la población ocupada de 15 a 70 años. Puede haber cambios en la denominación de las zonas metropolitanas, así como cambios en su delimitación, entre las ediciones de la fuente, por lo que los municipios incluidos en cada caso no siempre son los mismos. Un ejemplo de lo anterior es la ZM de La Piedad del año 2000 que cambió su denominación a ZM de La Piedad - Pénjamo. Los datos se presentan conforme a estas actualizaciones. Con motivo de la reforma de la Constitución Política de los Estados Unidos Mexicanos publicada el 29 de enero de 2016 en el Diario Oficial de la Federación, el Distrito Federal cambió su denominación a Ciudad de México. La información correspondiente a dicha entidad se presenta con este nuevo nombre.
