NOTAS

Variable	Notas
Superficie de suelos dominantes por tipo de vegetación	La información resulta del cruce de cartografías digitales de clasificación de suelos y de usos de suelo y vegetación. Se utiliza la carta de datos vectorial de edafología, serie II (INEGI 2007), así como las Cartas de Uso del Suelo y Vegetación, series IV, V y VI indicadas en la fuente, cuyos años de referencia son 2007, 2011 y 2014 respectivamente. Es la información más reciente disponible (revisión: Septiembre, 2021). Con motivo de la reforma de la Constitución Política de los Estados Unidos Mexicanos publicada el 29 de enero de 2016 en el Diario Oficial de la Federación, el Distrito Federal cambió su denominación a Ciudad de México. La información correspondiente a dicha entidad se presenta con este nuevo nombre.
